RE: Hill v. Wang, Fulton Cty Superior Ct., CA #1999CV12986

Kathleen,

I rec'd the attached this morning, though it was apparently served on Dr. Wang a couple of weeks ago.

According to Freddie Everett at Georgia Tech, the plaintiff is something of an activist, having obtained many records through Open Record Act requests. It appears to me that Dr. Wang was acting as a Georgia Tech employee, and that he is entitled to a defense. I would appreciate you taking a look at it, and giving me a call if there is any need to discuss.

Appreciate your help.
